Have a Great Summer!

Well done for getting through the year intact! It is tough being a young adult these days, lots of pressure and stress, so many decisions to make, hurdles to jump. But at least you have a long summer holiday to look forward to. Make the most of it. Read some books, get outside as much as you can, try to get fit, do something new and challenging. And, most of all, relax and recharge. (But also do some university research and work on draft fifteen of your personal statement!)

We look forward to seeing you on results day (13 August), and the first day back: 1 September at 10.30am.

Remember also that if you need advice and guidance after your AS results, come and see us on the afternoon of Wednesday 19 August.

Registering for Your A Level Year

Yesterday you should have received an email about re-enrolling for your second year. This is an online process through Woodle so you will not need to come in to College unless things have gone badly wrong.

Please ask your tutor or Ian Hooper if you have any questions about the process.

You have to enrol between 13-19 August 2015.

Important Exam Results and Post Results Information for AS Students

You will receive your exam results by email on Thursday 13 August. You can also come into college to collect your results envelope and speak to a member of staff if you have any concerns. You must look at the 'results and post results information' and 'summer post exam services' on Woodle under the exams heading. Here you will find details regarding strict deadline dates and fees for requesting your script back and getting a paper remarked. The forms can be printed from Woodle or collected from the main office.

NB. The deadline to request photocopied scripts is Thursday 20 August. Requests for this service should only be made to help you decide whether to proceed to a remark. If you wish to go straight to a remark, with or without a copy of the remarked script, this can be done when you return to college. The exams office will process requests to the exam boards daily.
