## L6 Careers Interviews

All Woodhouse L6 students are entitled to see our full time careers advisor, Joanna Greatwich.

Joanna can give you guidance which is impartial - it's all about exploring what would suit you, and making the right decisions for yourself. During the interview she can help you compare and consider the different options based on your interests, skills, qualities and A level subjects, as well as your experiences and aspirations for the future.

Joanna is also an expert in the UCAS university applications process and can help with applications for apprenticeships and finding work experience or gap year opportunities. All initial sessions are 30 minutes long and can be booked using the [Careers Booking Calendar](#).

## Yipiyap Gap Year

One year on, and for many U6, going straight to university once again is in question due to the ongoing impact of COVID. Concerns around health, online lectures, a compromised social experience, a fight for places with the backlog of last year's students, and limited accommodation all mean it's by no means the right of passage they've dreamed of and deserve after all of the commitment for their A levels.

As such, the prospect of a gap year is a strong possibility for many and the shrewd U6 will be seeking to turn this situation into an advantage! What if we told you that there was a gap year opportunity that would ensure you went to university the following year as the very best version of you? An opportunity that would guarantee your continued personal and professional development throughout your year out, giving you a positive edge over your peers at university? An opportunity like no other for your gap year?
