

STUDENT BURNHAM

Academic excellence in a nurturing community

From the Principal...

It has been great to welcome students back on site following our INSET days. On Tuesday we held 1-2-1 sessions with our L6 students looking at their UCAS personal statements. It has been an absolute pleasure meeting students who are applying to Oxbridge and learning about their progress so far.

Prom

On Wednesday we celebrated the end of two exceptional years for our U6 students at our Prom. I felt a huge sense of pride seeing our diverse and friendly student body coming together to celebrate in this way.

The students looked incredible and brought a joyful energy to evening. It was a pleasure to mark this moment with them. My deepest thanks to Nathan Cook and Meera Patel for organising an exceptional occasion.

A reminder of some key dates coming up:

Tuesday 5 th July	Music concert
Wednesday 6 th July	Y11 Taster Day Only L6 students who are involved in supporting this event will be on site on this day.
Friday 8 th July	Y10 Archer Academy afternoon Students will have lessons until 12:15 and will then be expected to leave the site unless they are involved with supporting the event.
Thursday 14 th July	Last day for students.

Have a great week!

Looking after your mental health

Mental health includes your emotional, psychological, and social well-being. It affects how you think, feel, and act. It also helps determine how you handle stress, relate to others, and make choices.

When your mental health dips you may experience feeling sad or down and start to withdraw from friends and activities. It is important to talk and reach out to someone, to feel more connected as well as give voice to what you are experiencing.

Kooth is an anonymous and confidential online service that helps with any problems you may have. You can ask for advice on their discussion boards with other young people and help others with their questions too, read magazine articles, and take part in weekly live forums. You can also speak to their online counselling team for further, private support through their chat service or messages. Check out their short video at <https://www.kooth.com/video>.

To sign up please click on the link to their homepage <https://www.kooth.com/>.

Stay safe,

Wider Opportunities

Mountain adventure programmes

We are a charity who specialise in providing mountain adventure programmes for young people aged 16 - 18. With the help of teachers and leaders from schools and organisations across the UK, we offer fully-funded places on our programmes to young people who have a passion for the outdoors but may be facing barriers to access such as support and financial resources. We provide everything from travel and accommodation, through to clothing, boots and gear required for a safe and enjoyable day of climbing. These items are gifted to the participants at the end of the programme in order to support their continued passion and pursuit of adventure.

The Martin Moran Foundation's Mountain Adventure Programme will take place in the Cairngorms, Scotland from 22nd to 29th October 2022.

We have attached some further information about what we do and how to get involved. You can also visit our website on www.martinmoranfoundation.co.uk.

We look forward to hearing from you,

From The Martin Moran Foundation
