Green for Grenfell

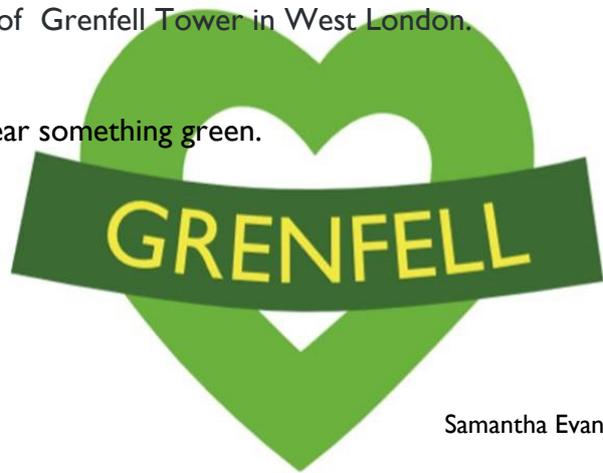

Today marks a year since the tragic event of Grenfell Tower in West London.

Friday 15 is Green for Grenfell day.

Can you please show your support and wear something green.

For more information please visit website.

Only the Library and the Quad are accessible to students.

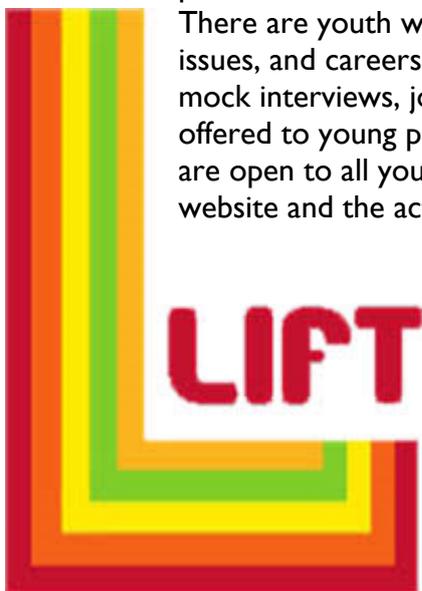

There are letting which should not be disturbed in other parts of the college.

Michelle Junnor

Youth Hub

I want to tell you about a young people's healthy living hub in Angel, called LIFT. They offer so many things including a gym, sexual health clinic, confidential counselling, a dance studio, and a whole range of workshops including music production, cookery, animation, dance, beauty, singing, fencing and archery. There are youth workers on site who can offer support around any personal issues, and careers guidance is available too (for help with apprenticeships, CVs, mock interviews, job coaching and volunteering). A few services are only offered to young people who live in Islington, but mostly the activities at LIFT are open to all young people living in any Borough. Check out their brilliant website and the activities on offer over the summer: www.liftislington.org.uk

Inspiring the Future Workshop

For all students:

Make a great application - get a great apprenticeship (or job!)
Monday 18 June from 12-1pm, Room 31

The thing that many students find nerve-wracking about going for an apprenticeship (or any job) is the application- filling out the forms, then preparing for, and performing well at interview !

This session will explain:

- How to research the opportunities out there
- How to fill out an application form- top tips
- How to prepare for the interview- confidence tricks

You will also practice these skills and be ready to apply
Register on Woodle now!
