Extended Project Qualification Level 3

The college offers the Extended Project Qualification at level 3. This is a stand-alone qualification which is the equivalent of half an A level. You can choose to write a dissertation or create an artefact. The following are examples of project titles chosen by EPQ students last year.

Dissertation:

- Do the advantages of ecotourism and conservation outweigh the negative impacts?
- Was the creation of "secular" Turkey caused by the failure of political Islam?
- Gender roles in Greek tragedy.

Artefacts:

- Exploring Aerodynamic Effects through the Construction of a Wind Tunnel.
- A short film detailing the increasing impacts of migration and socialisation.
- Writing and planning a YA Novella.
- Creating an effective acoustic levitator.
- Underscoring for a scene in a horror film (Alien).

Interested students will need to write a formal proposal and, if approved, will carry on with their project in the summer term, with a view to complete by the end of the autumn term. There will be a meeting about the Extended Project **this Friday at 9.15am in the Hall**. This meeting will explain the EPQ process and what makes a proposal successful.

Cressida Tweed
Extended Project Coordinator

CGP Revision Guides

The library will be taking orders from students for CGP revision guides. Payment must be made before the order which will be placed on Friday 27 March. You will be emailed when the books are available for collection. Please ask library staff for the list of available resources.
