The Nuffield Research Placement Scheme

This is a brilliant scheme and some Woodhouse students have already applied. The Nuffield Research Placement Scheme can offer you exciting placements during the summer break conducting your own research in industry and at local organisations. Undertaking a 4 week placement could inspire you and help you refine the skills and confidence needed to get a place at a top university.

Please note: This scheme is aimed at students who come from low income families, or don't have a family history of going to university. Students from these backgrounds will be given priority over others, and we can offer them financial support week during their placement.

If you would like to find out more, look [at this presentation](#) and [this leaflet](#).

L6 Work Experience– Have You Arranged Yours?

Hana, L6 student has secured a week of work experience at the Bank of England. She achieved this prestigious placement because she did some research online and successfully completed an application.

If you are a first year student and intending to apply for Law at university, Julie Greenwood at 'Gannons' (Commercial Law firm www.gannons.co.uk) is offering first come first served places for work experience (two days). Such experience will help you to secure a training contract after university. If you are interested, you need to register your interest with Tina Schaffer or Joanna Greatwich as soon as possible.

Introductory Meeting About Oxford/ Cambridge

Thinking about applying for Oxford or Cambridge?

There will be a meeting about Oxbridge **Tomorrow at 1.15pm** in the conference room.

This is a repeat meeting, so it is not for Oxbridge Academy and not for students who came to the meeting last term.
